## Product: Perforated Metal

### Pattern: Ombre

From light to dark and dark to light, Ombre's designs blend seamlessly from a dense circular pattern to a lighter, transparent design, making it ideal for privacy applications such as screening and balconies.

#### Customisation options:

- **Design scale:** Increase or decrease the pattern, depending on panel size
- **Hole size:** Enlarge or reduce the perforations to achieve the required open area percentage
- **Finishes:** Add a finish, from powder-coated colour to special coatings that increase longevity and weather resistance.

*\*This pattern was used for the project at Central Park Mall, Chippendale NSW*
